

	Bug Report Document – Sauce Demo Application
	This document contains defects found during manual testing of Sauce Demo application.
	Application URL: https://www.saucedemo.com/
	Tester Name: Lumanti Kauri
	Date Created: 2026-03-28
	Environment: Chrome / Windows 11
Bug no.	Bug Report
1	BUG 1: Checkout possible with empty cart Bug ID: BUG_SD_001 Title: User is able to proceed to checkout and complete order with empty cart Module: Checkout Severity: High Priority: High Pre-condition: User is logged into the application Steps to Reproduce: 1. Login using valid credentials 2. Do not add any product to cart 3. Click on cart icon 4. Click Checkout

- 5. Enter valid checkout information
- 6. Click Continue
- 7. Click Finish

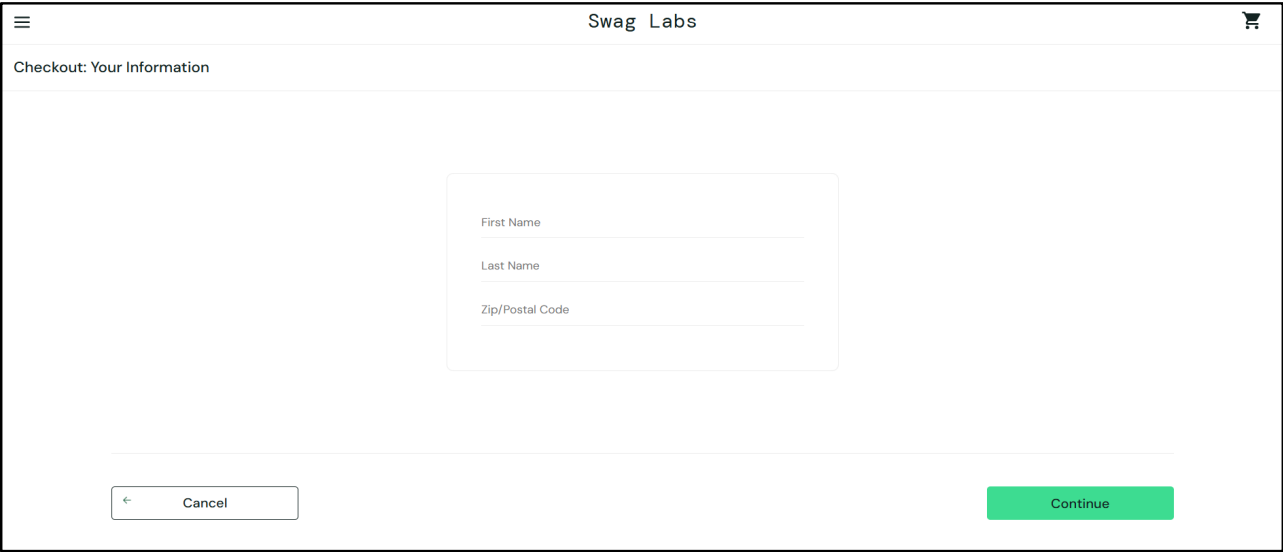

Expected Result:

System should prevent user from proceeding to checkout when cart is empty and display validation message.

Actual Result:

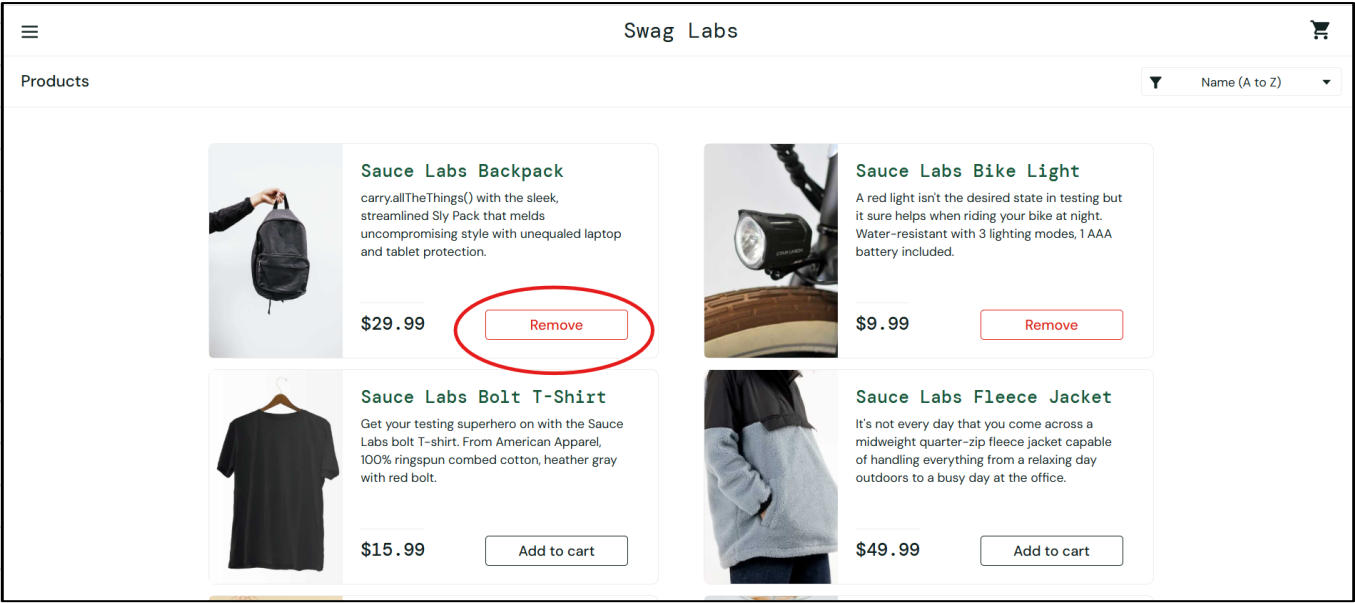

User is able to complete checkout successfully even when cart contains no items.

BUG 5: Product title appears like code

Bug ID: BUG_SD_005

Title: Product title "Test.allTheThings() T-Shirt" appears in code-style format

Module: Product Detail

Severity: Low

Priority: Low

Pre-condition: User is logged in

Steps to Reproduce:

- 1. Navigate to product Test.allTheThings() T-Shirt (Red)
- 2. Observe title formatting

Expected Result:

Product title should be clearly readable and formatted consistently.

Actual Result:

Title contains developer-style naming reducing readability.
