

Manual Test Case Document – Sauce Demo Application

Project Name: Sauce Demo Testing
Tester Name: Lumanti Kauri
Test Type: Manual Testing
Environment: Chrome / Windows 11
Date Created: 2026-03-28
Application URL: <https://www.saucedemo.com/>
Login Credentials:
 Username: standard_user
 Password: secret_sauce
Scope: Functional testing of login, product, cart, checkout, and order modules of Sauce Demo application.

Test Scenario ID	Test Scenario	Test Case ID	Test Case Description	Pre-Conditions	Test Steps	Test Data	Expected Result	Actual Result	Status	Screenshot
TS_SD_001	login functionality	TC_SD_Login_001	Verify the login functionality of SauceDemo login page using valid username and password	User has registered account	1. Open URL " www.saucedemo.com " 2. Enter valid username 3. Enter valid password 4. Click on login button	username: standard_user password: secret_sauce	User should be successfully logged in and redirected to the products page	User is successfully logged in and navigated to the products page	Pass	
TS_SD_001	login functionality	TC_SD_Login_002	Verify the login functionality of SauceDemo login page using invalid username and valid password	Application URL is accessible	1. Open URL " www.saucedemo.com " 2. Enter invalid username 3. Enter valid password 4. Click on login button	username: Ivor_user password: secret_sauce	User should remain on login page and validation error message should be displayed	User remains on login page and error message is displayed	Pass	
TS_SD_001	login functionality	TC_SD_Login_003	Verify the login functionality of SauceDemo login page using valid username and invalid password	Application URL is accessible	1. Open URL " www.saucedemo.com " 2. Enter valid username 3. Enter invalid password 4. Click on login button	username: standard_user password: star_dust	User should remain on login page and validation error message should be displayed	User remains on login page and error message is displayed	Pass	
TS_SD_001	login functionality	TC_SD_Login_004	Verify the login functionality of SauceDemo login page using invalid username and invalid password	Application URL is accessible	1. Open URL " www.saucedemo.com " 2. Enter invalid username 3. Enter invalid password 4. Click on login button	username: Ivor_user password: star_dust	User should remain on login page and validation error message should be displayed	User remains on login page and error message is displayed	Pass	
TS_SD_001	login functionality	TC_SD_Login_005	Verify the login functionality of SauceDemo login page leaving username and password empty	Application URL is accessible	1. Open URL " www.saucedemo.com " 2. Keep username and password fields as blank 3. Click on login button	username: password:	User should remain on login page and validation error message should be displayed	User remains on login page and error message is displayed	Pass	
TS_SD_002	Product display	TC_SD_Product_006	Verify products name and price are displayed	1. User logged in 2. Products list page is visible	1. Login to the application	Valid Credentials username: standard_user password: secret_sauce	Product name, price and image should display	Product name, price and image is displayed	Pass	
TS_SD_002	Product display	TC_SD_Product_007	Verify all products are displayed on products page	1. User logged in 2. User is on product page	1. Login to the application	username: standard_user password: secret_sauce	All products should display on product page	All products are displayed on product page	Pass	
TS_SD_003	Product detail	TC_SD_Product_008	Verify product description displays correctly	1. User logged in 2. User is on product page	1. Observe product description text 2. Check spelling, grammar, readability 3. Check formatting consistency	Product item	Description should be correct with no spelling or formatting errors	carry.allTheThings() appears like code in the description	Fail	TC_SD_Product_008
TS_SD_003	Product detail	TC_SD_Product_009	Verify product image displays correctly	1. User logged in 2. User is on product page	1. Navigate to product page 2. Click on the image of product	Product item	Image should load without distortion and should match with selected product	All images are displayed correctly	Pass	

TS_SD_003	Product detail	TC_SD_Product_010	Verify product price displays correctly	1. User logged in 2. User is on product page	1. Locate price of product on Products page 2. Click on product name 3. Observe price on product details page 4. Compare both prices	Product item	All product price should match with their corresponding product	All product price matched with their corresponding product	Pass	
TS_SD_003	Product detail	TC_SD_Product_011	Verify product title displays correctly	1. User logged in 2. User is on product page	1. Observe title of product on Products page 2. Click on first product name 3. Verify product title on product details page 4. Repeat for all other product	Product item	Product title on details page should match the product selected from Products page for all products	Product title for "Test. allTheThings() T-Shirt (Red)" is displayed as code-style text "Test. allTheThings()", reducing readability. All other products display titles correctly	Fail	TC_SD_Product_011
TS_SD_004	Cart functionality	TC_SD_Cart_012	Verify products are added to cart	User logged in	1. Click add to cart button	Product item	Product should be added to cart and cart badge should increase	Product is added to cart and cart badge is increased	Pass	
TS_SD_004	Cart functionality	TC_SD_Cart_013	Verify products are removed from cart	Product is added to the cart	1. Click on cart icon 2. Click on remove button	Product item	Product should be removed from the cart	Product is removed from the cart	Pass	
TS_SD_004	Cart functionality	TC_SD_Cart_014	Verify cart badge updates correctly for multiple products	User logged in	1. Add one product into cart(Observe cart badge) 2. Add second product into cart(Observe cart badge) 3. Add every product one after another 4. Then remove products one by one(Observe cart badge)	Product item	Cart badge should increase and decrease correctly according to number of product added and removed respectively	Cart badge increases and decreases correctly	Pass	
TS_SD_005	Cart Navigation	TC_SD_Cart_015	Verify Continue Shopping button redirects user to Products page	User logged in and on Cart page	1. Login to application 2. Add product to cart 3. Click cart icon 4. Click Continue Shopping	Product item	User should be redirected to Products page	User redirected successfully	Pass	
TS_SD_006	Sort functionality	TC_SD_Sort_016	Verify sorting by price low to high	User logged in	1. Click on sort dropdown 2. Select price low to high	N/A	Products should be sorted by price low to high	Products is sorted by price low to high	Pass	
TS_SD_006	Sort functionality	TC_SD_Sort_017	Verify sorting by price high to low	User logged in	1. Click on sort dropdown 2. Select price high to low	N/A	Products should be sorted by price high to low	Products is sorted by price high to low	Pass	
TS_SD_006	Sort functionality	TC_SD_Sort_018	Verify sorting by name A to Z	User logged in	1. Click on sort dropdown 2. Select name A to Z	N/A	Products should be sorted by name A to Z	Products is sorted by name A to Z	Pass	
TS_SD_006	Sort functionality	TC_SD_Sort_019	Verify sorting by name Z to A	User logged in	1. Click on sort dropdown 2. Select name Z to A	N/A	Products should be sorted by name Z to A	Products is sorted by name Z to A	Pass	
TS_SD_007	Checkout Process	TC_SD_Checkout_020	Verify user can proceed to Checkout page	User logged in and Product is added to the cart	1. Add product to cart 2. Click on checkout button	N/A	User should be redirected to checkout information page	User is redirected to checkout information page	Pass	
TS_SD_007	Checkout Process	TC_SD_Checkout_021	Verify user cannot checkout with empty cart	User logged in and cart empty	1. Click on cart badge 2. Then, click checkout button	N/A	Error message should appear because cart is empty	No error message occurred. Also, checkout is completed even if the cart is empty.	Fail	TC_SD_Checkout_020
TS_SD_008	Checkout Validation	TC_SD_Checkout_022	Verify Continue button does not work when required fields are empty	User logged in, Product added to cart, on Checkout Information page	1. Keep all field empty 3. Click on continue	N/A	Error message should appear for missing field and user should not proceed to Checkout Summary	Error message appeared, user cannot proceed		

TS_SD_008	Checkout Validation	TC_SD_Checkout_023	Verify error when first name is empty	User on checkout information page	1. Keep first name empty 2. Enter last name and zip/postal code 3. Click on continue	last name: Doe Zip/Postal Code: 9980	Error message should appear for missing first name	Error message appeared for missing first name	Pass	
TS_SD_008	Checkout Validation	TC_SD_Checkout_024	Verify error when last name is empty	User on checkout information page	1. Enter first name and zip/postal code 2. Keep last name empty 3. Click on continue	First name: Miley Zip/Postal Code: 9980	Error message should appear for missing last name	Error message appeared for missing last name	Pass	
TS_SD_008	Checkout Validation	TC_SD_Checkout_025	Verify error when zip code is empty	User on checkout information page	1. Enter first name and last name 2. Keep zip/postal code empty 3. Click on continue	First name: Miley Last name: Doe	Error message should appear for missing zip code	Error message appeared for missing zip code	Pass	
TS_SD_008	Checkout Validation	TC_SD_Checkout_026	Verify error when invalid characters are entered in checkout form fields	User on checkout information page	1. Enter invalid characters in first name, last name and Zip code 2. Click on continue	First name: @@@@ Last name: ### Zip/Postal Code: abc	Error message should appear for invalid characters input	System accepts invalid characters input and navigates to Checkout Overview page	Fail	TC_SD_Checkout_026
TS_SD_009	Checkout Summary	TC_SD_Checkout_027	Verify checkout summary page displays correct items	Item added to cart and checkout information entered	1. Enter checkout details 2. Click Continue	First name: Miley Last name: Doe Zip/Postal Code: 9980	Checkout summary page should display selected product and total price and buyers information	Checkout summary page successfully displayed selected product and total price and buyers information	Pass	
TS_SD_010	Order completion	TC_SD_Order_028	Verify user can complete order successfully using Finish button	User on checkout summary page	1. Click on finish button	N/A	Order confirmation page should appear with success message	Order confirmation page appeared with success message	Pass	
TS_SD_010	Order completion	TC_SD_Order_029	Verify Back Home button navigates user to Products page	On Order Confirmation page	1. Click Back Home	N/A	User should be redirected to product page	User is redirected to product page	Pass	
TS_SD_011	Menu Navigation	TC_SD_Navigation_030	Verify side menu opens when menu bar is clicked	User logged in and on product page	1.Login to the application 2.Click on menu bar at top left(three line icon)	Username: standard_user Password: secret_sauce	Side navigation menu should open displaying menu options	Side navigation menu successfully opened displaying menu options	Pass	
TS_SD_011	Menu Navigation	TC_SD_Navigation_031	Verify user can navigate to about page	User logged in and Top left menu bar is open	1.Login to the application 2.Click on menu bar at top left(three line icon) 3. Click on About option	Username: standard_user Password: secret_sauce	User should be redirected to about page	User is redirected to about page	Pass	
TS_SD_011	Menu Navigation	TC_SD_Navigation_032	Verify Reset App State resets cart	User logged in and top left menu bar is open	1.Login to the application 2.Click on menu bar at top left(three line icon) 3. Click on Reset App State option	Username: standard_user Password: secret_sauce	Cart should be cleared and product buttons should change to "Add to cart"	Cart is cleared but product button remains "Remove"	Fail	TC_SD_Navigation_021
TS_SD_011	Menu Navigation	TC_SD_Navigation_033	Verify clicking "All Items" option redirects user to Products page	User logged in and top left menu bar is open	1.Login to the application 2.Click on menu bar at top left(three line icon) 3. Click on All Items option	Username: standard_user Password: secret_sauce	User should be redirected to Products page	No visible change as user is already on Products page	Pass	
TS_SD_012	Logout functionality	TC_SD_Logout_034	Verify user can successfully logout	User logged in and top left menu bar is open	1.Login to the application 2.Click on menu bar at top left(three line icon) 3. Click on Logout option	Username: standard_user Password: secret_sauce	User should be able to successfully logout	User successfully logged out	Pass	
TS_SD_012	Logout functionality	TC_SD_Logout_035	Verify login page opens when user log out	User logged in	1.Click on menu bar at top left(three line icon) 2. Click on Logout option	Username: standard_user Password: secret_sauce	User redirected to login page	User is redirected to login page	Pass	
TS_SD_013	Session Validation	TC_SD_Session_036	Verify user cannot access product page after logout	User logged out	1. Logout from the application 2. Click on browser button or press product page URL	N/A	User should not be able to access product page and should be redirected to login	User is not be able to access product page and is redirected to login page	Pass	
TS_SD_013	Session Validation	TC_SD_Session_037	Verify user cannot access internal pages without login	Open new browser tab	1. Open new incognito/private browser window 2. Enter internal page URL directly	https://www.saucedemo.com/inventory.html	User should NOT be able to access Products page and should be redirected to Login page	User is redirected to login page	Pass	
TS_SD_013	Session Validation	TC_SD_Session_038	Verify cart items remain after browser refresh	1. User is logged in 2. User is on Products page	1. Login using valid credentials 2. Add any 2 products to cart 3. Observe cart badge count 4. Refresh the browser (Press F5) 5. Click on cart icon	Username: standard_user Password: secret_sauce	Cart badge count should remain same after refresh and previously added products should still be visible in cart	Cart badge count remained same and added products were still visible in cart	Pass
